

## Ag Business Cycle- 4 Core questions- Getting Drought Ready.

1. How does living through the next drought have to be like & feel, to be ok?
2. What actions are you taking in each phase that supports/enhances the people/ social, your landscape/ environment and the finances- your prosperity?
3. What are the indicators for your farm business that you are transitioning from one phase to the next?
  - From Not in Drought/Normal to Drying,
  - Drying to Dry,
  - Dry to Recovery,
  - Recovery to Not in Drought/ Normal not in drought- What can you monitor?
4. What actions are you going to take to be drought ready?

Agforce© Ag Business Cycle.

The Ag Business cycle was the body of Work Helen Lewis as former Chair Agforce Drought Policy committee worked on with the committee-from 2016- 2019. In 2022 the Qld Govt is no using the framework for funding Ag businesses.
